

CEO's Message

For the first three months ending February 28, 1998, The Bridges Initiatives Inc. reported a net income of \$102,053. Revenues of \$605,892 were recognized, with expenditures of \$416,899 and amortization of \$86,940. This compares to a reported net loss of \$203,529 and revenues of \$152,649 in the first quarter of 1997.

Management is very pleased with the start to fiscal 1998. First quarter revenues of \$605,000 represent 46 per cent of last year's total earnings. Traditionally our slowest quarter, performance in Q1 1998 has been strengthened by a province-wide contract, impressive new sales, and revenues from two special projects.

The first quarter of 1998 was marked by the following developments:

Bridges signed its first region-wide sale. The Manitoba contract adds 350 new sites to Bridges' list of subscribers. The province's Department of Education and Training, and the local Human Resources Development Canada office, co-sponsored the purchase of one-year subscriptions to CX-98.

Bridges surpassed its sales projections for the quarter by over 100 per cent, with 145 new sales bringing \$188,000 in new revenue. The increase was attributed to Bridges' very successful Buy-Now sales program.

Bridges continued to diversify its revenue base, earning \$101,100 from special projects. The Central Okanagan Youth Employment Exchange project will examine the use of technology to link job seekers and employers more effectively. The Canada WorkInfoNet syndicated news service was also continued for another six-month period.

Other developments include the release of a new corporate Web site at www.bridges.com. It features regularly updated company information, corporate releases, and product information. Bridges also released CX-98 in Q1, a new version of our successful Career Explorer information service.

Outlook

Bridges will focus on four corporate goals during the second quarter of 1998:

High Rates of Resubscription

Bridges' most important goal is to maintain our current 91 per cent rate of resubscription. More than 700 schools will be contacted for rebilling in Q2 of 1998.

Aggressive New Sales

Q2 is traditionally Bridges' strongest selling period. Two-hundred-and-fifty new site sales are projected in the quarter, pushing Bridges' customer base to over 1,700 schools. A selling strategy for libraries, employment centres and post-secondary institutions will be developed and implemented later in the quarter.

Manitoba Sign-Up and Service

Bridges will register and train 350 sites in Manitoba before the end of the quarter to fully integrate CX-98 into the province's curriculum.

Special Projects

Bridges will implement the Youth Employment Exchange project and actively seek project partners to co-develop French, aboriginal, elementary and adult versions of CX-98. Developing partners in government, corporate and not-for-profit sectors, will remain a key focus.
