

Comprehensive career and education planning resource to develop personalized plans and assist job search preparations

Dynamic career development program provides individualized personality and productivity insights for finding career success

- Extend your client reach with 24/7 online access to both the adult and youth-oriented versions of the program in English and French.
- Empower more meaningful transitions when you connect clients to their best education and career options with multiple validated assessments.
- Support economic productivity with lifelong portfolios that include career plans, work history, resume building, and assessment results, which help your clients find better jobs and keep them.
- Help displaced workers with completing a transferrable skills checklist and work history module to aid in exploring new avenues of work.
- Utilize self-directed tools to deliver a standards-based product that meets your clients' needs.
- Effectively track client progress with accountability reports that provide insight into client progress.
- Give greater access to visually impaired clients through screen-reader compatible features and text.

- Empower clients with increased self-awareness and confidence through valid and reliable assessments.
- Assist clients in exploring "best fit" career opportunities.
- Enable individuals to find employment where they will be successful and fulfilled.
- Help counsellors to provide more attention to clients with personalized reports.
- Increase success rate of job placements.
