## Tutorials

### The Ultimate Flexibility in Product Training

Bridges online self-guided Tutorials help you understand the basic functionality of your product. Choose from a series of 2 – 10 minute modules to help you get started using Choices Explorer, Choices Planner or testGEAR.

Tutorials are available at no charge. Find them online at [www.bridges.com/tutorials](http://www.bridges.com/tutorials).

“I heard from many counselors after the training that they were able to immediately go back to their classrooms and have ideas about what they had just learned. They were planning to incorporate pieces of this right away.”

Becky Ballbach, Counselor  
Everett Public Schools, WA
