Test Preparation

testGEAR[®]

Graduation requirements and college admissions standards get tougher and more competitive every year. Students face growing pressure to improve their academic performance and achieve higher test scores.

testGEAR's mission is to bring high-quality standardized test prep to all students by providing powerful, web-based tutorial programs that are universally accessible and affordable. We are committed to putting test success within the reach of anyone who needs it.

Aligned to state standards, testGEAR online test prep raises

students' scores with over 50 hours of individualized curriculum.

Accountability reporting tools help schools track and evaluate students' performance, allowing schools to provide data-driven instruction to initiate remediation strategies.

State-Specific testGEAR

testGEAR has a proven record of raising student test scores with highly correlated, standards-aligned content. However, our exclusive state-specific courses take test preparation one step further for the FCAT, CAHSEE, Regents, TAKS, MCAS and MME.

Using the 30-minute BrainScan, students can assess their strengths and weaknesses relevant to their specific state exit exam. Next, they receive over 25 hours of standards-aligned instructional content that uses language and examples characteristic of their state.

Practice tests closely mirror state exit exams and provide immediate scoring and feedback to build student confidence and help them know what to expect on the real thing.

Ask how you could have your state's exit exam added to our state specific program.
Call 1-800-281-1168.

California

CAHSEE Math

- 6 CAHSEE Math Practice Tests
