## Test Preparation

**testGEAR**<sup>®</sup>

Graduation requirements and college admissions standards get tougher and more competitive every year. Students face growing pressure to improve their academic performance and achieve higher test scores.

testGEAR's mission is to bring high-quality standardized test prep to all students by providing powerful, web-based tutorial programs that are universally accessible and affordable. We are committed to putting test success within the reach of anyone who needs it.

Aligned to state standards, testGEAR online test prep raises

students' scores with over 50 hours of individualized curriculum.

Accountability reporting tools help schools track and evaluate students' performance, allowing schools to provide data-driven instruction to initiate remediation strategies.

## TestSCOPE Reporting Tools

The first step in helping your students is to know what they know. TestSCOPE provides the ultimate reporting flexibility with detailed access of student performance. This enables educators and administrators to immediately assess students' abilities and identify specific areas that require more targeted instruction.

Achieve greater accountability by providing more data-driven education at the classroom, school and district levels. The following six reports are easy to understand and clearly show student progress and performance in a variety of areas:

- **Group Summary Report** provides an overview of group performance across all reporting categories. Using a three-point scale, educators can quickly assess student progress in key reporting areas, such as BrainScan Results, Enrollment, Lesson Scores, and Practice Test Results. The recommendation column suggests what needs to be done to improve in a given report category and also provides intervention strategies to improve results.
- **Group Enrollment Report** analyzes data related to group activity such as participation rates and how many students have enrolled to use their testGEAR preparation course.
- **Group BrainScan Results** gathers data from student responses to objective assessment questions from the BrainScan. This report also includes three Subjective Student Reports that show how students perceive their learning styles and how they have assessed their skill levels in various subjects.

Category	Score	Recommendation	Intervention Strategies
The average percent correct	82	2	<ul style="list-style-type: none"> <li>1. Review the material that supported the score.</li> <li>2. Review the material that supported the score.</li> <li>3. Review the material that supported the score.</li> <li>4. Review the material that supported the score.</li> </ul>
Correct answers per question	1	3	<ul style="list-style-type: none"> <li>1. Review the material that supported the score.</li> <li>2. Review the material that supported the score.</li> <li>3. Review the material that supported the score.</li> <li>4. Review the material that supported the score.</li> </ul>
Time to complete test	1	3	<ul style="list-style-type: none"> <li>1. Review the material that supported the score.</li> <li>2. Review the material that supported the score.</li> <li>3. Review the material that supported the score.</li> <li>4. Review the material that supported the score.</li> </ul>
Number of questions answered correctly	1	3	<ul style="list-style-type: none"> <li>1. Review the material that supported the score.</li> <li>2. Review the material that supported the score.</li> <li>3. Review the material that supported the score.</li> <li>4. Review the material that supported the score.</li> </ul>
Number of questions answered incorrectly	1	3	<ul style="list-style-type: none"> <li>1. Review the material that supported the score.</li> <li>2. Review the material that supported the score.</li> <li>3. Review the material that supported the score.</li> <li>4. Review the material that supported the score.</li> </ul>

• **Group Lesson Scores**

analyzes the basic skills and strategy areas that students studied in the course, evaluating student performance on mastery quizzes and learning questions.

Lesson	Attempts	Score	Percentage
Introduction to the Course	1	100%	100%
Basic Skills	1	100%	100%
...	...	...	...

Test Name	Attempts	Score	Percentage
Practice Test 1	1	100%	100%
Practice Test 2	1	100%	100%
...	...	...	...

• **Group Practice Test Results**

analyzes student participation rates in Full and Practice tests, including the number of attempts made and the average percentage correct.

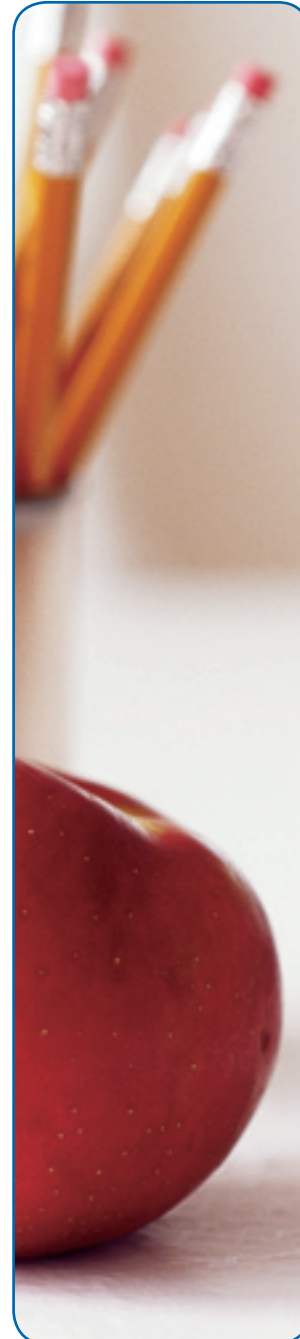

• **Individual Student Report**

analyzes individual student activity and performance. The skills analysis section of the report is based on completion of MicroCourses and Practorials indicating whether a student has completed an exercise, the number of attempts made, learning question performance, and their priority assignments in a unit. The Performance section reports score results on all Practice Tests and Full Tests.

Skill Area	Attempts	Score	Percentage
Multiple Choice	1	100%	100%
...	...	...	...

Test Name	Attempts	Score	Percentage
Practice Test 1	1	100%	100%
...	...	...	...
